Instructions For Heated Pet Mat
Models #'s 98P-S, 98P-M, 98P-L
(all patent pending)

This heated mat is designed to provide a gentle warmth for your pet.

IMPORTANT: In order to protect yourself and your pet, you must read and follow all instructions.

VARIOUS USES

- Doghouses
- Basements/garages
- Kennels
- Indoors/Outdoors

INSTALLATION: When installing mat in a confined space, such as a dog house or cage, the mat should never cover more than half the area. This will allow the pet to sleep either on or off the heated mat. *This is very important!*

Caution: Connect to properly grounded (3-wire) outlets only. Use a ground fault interrupter in circuit. Do not use extension cord. Store indoors after winter season. Inspect cord before operating.

ABOUT THE HEATING SYSTEM: The heated mat will become warm (not hot). Depending on the outside temperature, the mat may take up to one hour to reach its maximum temperature. The mat will feel slightly warm. Once the animal lies on the mat it will reach its maximum temperature.

COVERS: You may cover the heated mat with any material. We also offer covers specifically designed to fit each size of mat. You may obtain these through your dealer or the factory.

CLEANING: The mat is easily cleaned. You may clean your mat by using a damp rag or hose. Never immerse this mat and always unplug the unit before cleaning. Reconnect the power cord only after the plug is completely dry.

WARRANTY: This product is warranted 12 months from the date of purchase. If you believe this product is defective and still within the warranty period, return it to the factory for inspection and possible replacement. The warranty is voided if there is evidence of general abuse such as animals chewing on the cord. This warranty does not cover incidental or consequential damage resulting from either a defect in parts, materials, or operation failure. Some states do not allow the exclusion or limitation of the above damages so the above limitation may not apply to you. No agent, employee, or representative of Allied Precision has any authority to bind Allied Precision to any affirmation, representation or warranty directed towards any products bearing the Allied Precision name, except as stated herein. This warranty gives you specific legal rights—you may also have other rights which vary from state to state.
