

Bio-Spot® Flea & Tick Mist for Cats & Kittens

Farnam Comp[anies], Inc.

Description:

Kills and repels fleas, ticks and mosquitoes. Also kills flea eggs and larvae for 3 months.

Active Ingredients:

Pyriproxyfen 2-[1-methyl-2-(4-phenoxyphenoxy)ethoxy] pyridine (Nylar®)	0.125%
Pyrethrins	0.180%
*N-Octyl bicycloheptene dicarboximide	1.000%
OTHER INGREDIENTS	98.695%
TOTAL	100.000%

Directions:

Read entire label before use. Use only in a well ventilated area. Use only on adult cats. Do not treat cats under 7 months of age with this product.

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

For Cats: Cover the animal's eyes with a hand. Do not spray directly on mouth, nose and eyes. Spray head, ears and chest until damp. With finger tips, rub into face, around mouth, nose and eyes. Then spray from the neck to the tail, finishing legs last. For best penetration of spray to skin and on heavily coated animals, direct spray against the natural lay of the hair, spraying the ruffled hair directly behind the hand. Make sure the spray thoroughly wets ticks. Repeat treatment every 3 months. Avoid contact with genitalia.

For Use In Areas Where Cats Frequent: Treat pet bedding and other pet resting areas as these are primary hiding areas for fleas and ticks. To reduce infestation, spray around sleeping area, around baseboards, window and door frames, wall cracks, local areas of floors and other resting places until the surface is slightly moist. No need to remove pet bedding after treatment. Do not allow pets to use treated areas until completely dry

First Aid:

If Swallowed: Call a Poison Control Center immediately for treatment advice. Have a person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person

If On Skin: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

If In Eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

If Inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth. Call a poison control center or doctor for further treatment advice.

In case of emergency or for product information, call 1-800-234-2269. Have the product container or label with you when calling a poison control center or doctor or going for treatment.

Precautionary Statements:

Hazards to Humans and Domestic Animals:

Humans: Causes eye irritation. Do not get in eyes or on clothing. Harmful if swallowed or inhaled. Avoid breathing mist. Keep out of eyes. Avoid contamination of food. Wash hands with soap and water after use.

Physical Hazards: Flammable. Keep away from heat and open flame.

Environmental Hazards: This product is toxic to fish. Keep out of lakes, streams, ponds, tidal marshes and estuaries. Do not apply where run off is likely to occur.

Storage and Disposal:

Do not contaminate water, food or feed by storage or disposal.

PESTICIDE STORAGE: Store in original container in a cool, dry place, inaccessible to children and pets. Do not store near heat or open flame.

IF EMPTY: Do not reuse this container. Place in trash or offer for recycling if available.

IF PARTLY FILLED: Call your local solid waste agency or call 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.
