

Grand Champion Steer 2007 National Western Stock Show Jason Unger

The steer was purchased by the Unger family from Dave Guyer. Dave Guyer had this steer on Cellarator throughout his life. Guyer is very well known in the industry.

"We've had tremendous success incorporating Cellarator into our feeding program and it continues to amaze me. The calves handle stress situations without missing a beat, they want to eat the bottom out of the feeder, and we don't run into the health issues we used to."
