Where can customers find more information?

Refer customers to the DRAXXIN Rebate Program producer display in your store. Customers also can access DraxxinRewards.com or use their mobile phones to scan the QR code found on the producer display.

How does the rebate work? It's easy!

1. An eligible customer purchases a qualifying DRAXXIN product.
2. The customer:
 - Texts the word **Rebates** to **75834** to receive a link to the rebate website (or scans the QR code)
 - Snaps a photo of the receipt* and uploads it to the website
 - Selects the payment type – PayPal®, Venmo® or paper check
3. Depending on the selected payment type, the customer provides an email address (for PayPal), username (for Venmo), or mailing address (for paper check).
4. Once eligibility is confirmed, the customer will receive a rebate in their selected payment type. PayPal and Venmo rebates will typically be paid within 48–72 hours of eligibility confirmation, whereas rebates paid via check will typically take 5–6 weeks.
