

Quick-Wrap® Bell Boots, Ltd.

Shaped like traditional bell boots, Quick-Wrap® Bell Boots Ltd. provide the ultimate in hoof and soft tissue protection for performance horses. With a 360 degree wrap and an overlap in the back, they cover the whole hoof, including the coronet band and the bulb, and provide excellent shock absorption right where it's needed. Quick-Wrap Bell Boots, Ltd. are designed to work exclusively with Professional's Choice protective boots, including SMB IIs® and splint boots (sold separately).

Catalog Number (Size): BB101B (Small), BB102B (Medium), BB103B (Large)

Color Choices: Black, Brown, Burgundy, Crimson, Chocolate, Hunter Green, Navy, Purple, Red, Royal Blue, Sage Green, White, Yellow

Features – Benefits

- Lined with UltraShock - Provides protection and shock absorption
- Ballistic Binding Around Base of the Boot - Extremely Durable
- Nylon-lined Neoprene - Comfortable for the horse because it won't rub or agitate injuries
- Covers Back of Hoof to the Ground - Superior protection to critical areas of the hoof
- Double Hook and Loop Fasteners - Stays secure and won't come loose while riding
- Made of Closed-cell, Limestone-based Neoprene - Won't crack or crumble, easy to maintain, absorbs shock, and won't absorb water, sweat or bacteria
- Soft, Padded Roll Around Pastern - Keeps boot from rubbing, makes horse more comfortable
- No-Turn-Knob (Secure-Fit & Ballistic) - Keeps boot from turning so it stays in place for correct protection
- 30 Day Money Back Guarantee/Six Month Warranty

Money Back Guarantee and Returns

Because our commitment to quality and customer satisfaction is so important, we offer a 30 Day Money Back Guarantee on all of our boots. If you are not completely satisfied at any time after your purchase, you may return the used product for a full refund (less shipping and handling) during the Guarantee period. You may also exchange the product for a different size or color during this time, if needed. The products must be returned to the place of purchase with an original dated receipt or invoice.

Warranty Period

Professional's Choice boots have a Six Month Warranty. During the warranty period, repairs or replacements will be made with proof of purchase at no charge (Exception: Products damaged by animal chewing/biting or products machine-washed or dried). Please call our Returns Department for a Return Authorization at 800-331-9421 / 619-873-1100 and send clean and dry products to:

Professional's Choice • 2025 Gillespie Way, Suite 106 • El Cajon, CA 92020

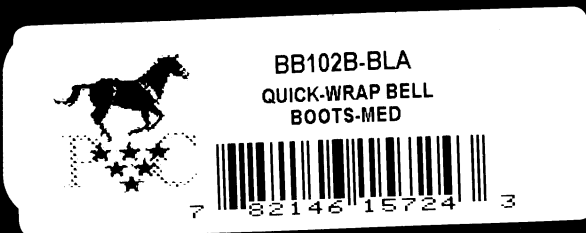

Repairs

Once your products are out of warranty, Professional's Choice offers a repair service for a modest fee. Call our Repairs Department to determine if your product is repairable. Be sure to wash and dry your product before returning it. All products MUST BE CLEAN and AIR DRIED or they will be returned at the customer's expense. Please call 800-331-9421 / 619-873-1100 for more information about our repair service.

Washing Instructions

Hand wash in cool water with a mild soap. Rinse thoroughly to remove any soap residue and allow to drip dry. Machine washing is not covered by the manufacturer's warranty. (Note – do not use solvents or other chemicals on Professional's Choice products.)

Quick-Wrap® Bell Boots, Ltd.

Shaped like traditional bell boots, they provide the ultimate in hoof and soft tissue protection. The 360-degree wrap and back overlap ensure they cover the entire hoof providing excellent shock absorption, including the coronet band and bulb.

Con la misma forma de las campanas tradicionales ofrecen lo último en protección para el casco y los tejidos blandos. Su cobertura de 360° y la solapa trasera hacen que cubran el casco por completo proporcionando una absorción excelente del golpe, incluyendo la corona.

Leur forme est celle des cloches traditionnelles. Leur protection est totale pour le sabot et la zone tissulaire. Avec leur enroulement sur 360° et leur recouvrement à l'arrière, elles couvrent tout le sabot et garantissent notamment une excellente absorption des chocs, y compris au niveau de la couronne et des glomes.

Geformt wie ein traditionelle Glocken schützen sie Huf, Kronenrand und Ballen.

Quick-Wrap® Bell Boots, Ltd. Application Instructions

Note: To prevent spinning and ensure maximum protection, be sure to apply your Quick-Wrap Bell Boots Ltd. snugly.

1. Position the boot with the logo in the front of the hoof. Take the inner flap and completely cover the bulb.
2. Take the outer flap (with hook/loop closure) and overlap the inner flap to get double protection on the bulb. The hook/loop closure will then attach to the boot on the outside of the leg.
3. Smooth hook/loop closure straps down firmly against the plush material.

Precautions

- Follow good medical and practical horse management procedures during application and use.
- Although over-tightening is practically impossible, it can be done. Please follow the instructions as outlined above to avoid complications.
- A very small number of horses may develop an allergic reaction to the neoprene. If your horse develops a skin irritation, discontinue use and consult your veterinarian.
- Do not apply any topical ointments or insecticides prior to applying Quick-Wrap Boots, Ltd.
