

# Valley Vet Signature Trail

by Tucker Trail Saddles

A Valley Vet exclusive crafted by Tucker Trail Saddles! Not only is this one great looking saddle, it's a real trail rider's dream. It's got a fiberglass reinforced wood tree which is perfect for Competitive Trail when you need to drag a log or even rope a steer. The cowboy round close contact skirt lets you be close to the horse to aid in precise cues. With exclusive border tool and rich Mahogany or Brown color paired with the distressed leather seating, you'll look as good as you feel on the trail. Your horse will be just as comfortable because there's Gel-Cush™ padding inserted between the tree bar and skirt for ultimate comfort and improved fit.

PATENTED  
**GEL-CUSH™**  
SHOCK ABSORBING SEAT

### Superior Comfort Seat System

Features the fusion of signature Gel-Cush™ padding with conforming V-Foam™ for exceptional Tucker ultimate trail comfort

### Fiberglass Reinforced Wood Tree

Added strength suitable for roping or dragging a log in competitive trail challenges

### Gel-Cush™ Bar Pad

Signature Gel-Cush™ used in the seat is inserted between the tree bar and saddle skirt to absorb shock and increase the comfort and fit for the horse

### 100% Virgin Wool Skirt lining

Has gone through a chemical carbonization process to eliminate impurities; won't develop bald spots and dries quickly

### Close Contact Skirt Shape

for precise cueing

### Adjustable Position

Close Contact Rigging for the best rigging position for your horse and eliminates bulk under rider's leg for close contact

### Preset Fenders

for reduced break-in time

## 550 Valley Vet Signature Trail
