The Pure Pleasure  
 of Chewing

**A.P.P.M.A. Winner  
 "Best New Product For Dogs" \***

Booda Velvets™ dog chews have a new and unique velvety texture and pliancy that is pure delight for dogs. Booda Velvets™ unique consistency encourages **gnawing**. **Gnawing action** promotes cleaning of teeth and gums, helps freshen breath, and is one of dogs' most pleasurable pastimes.

Booda Velvets™ dog chews are not a food value product. Velvets™ are not to replace or supplement your dog's regular required diet or nutrition.

Corn starch formula Booda Velvets™ are a fresh new alternative to rawhide, rubber, common plastic or animal by-product chews.

**CAUTION:** As with any dog chew, owners should always monitor the pets chewing activity. If your dog is an aggressive chewer and is capable of breaking off an unusually large piece, take that piece away from your dog immediately and continue monitoring chewing activity.

**New Age Dog Chew**

Made with corn starch material, derived from a natural renewable resource. Biodegradable. Ecological.

**\* 1994 1st Prize Award, American Pet Product Manufacturer's Association**
