### TO ASSEMBLE:

1. Start with an EMPTY bowl.
2. GENTLY seat funnel in groove.
3. SLOWLY push lid down until it snaps on making sure that the lid is firmly sealed all the way around the rim.
4. PUSH down on handle to make sure lid is secure.

### TO FILL:

1. Locate fill line inside the funnel.

2. SLOWLY fill to line (approximately 1/2 gallon).

### HINT ON FILLING:

The Buddy Bowl is splash resistant, even if filled past the fill line; however, it will only hold a 1/2 gallon when held upside down.

### TO DISASSEMBLE:

Hold BASE down with one hand while SLOWLY pulling up tab with your other hand.

### HINT ON DISASSEMBLY:

In extremely cold weather, it helps to run warm water over the outside lip for easier assembly and disassembly.

\*Under certain conditions, a small amount of water may escape from the Buddy Bowl.
