

ABETTA®

BUDDY SEAT

The BUDDY SEAT by Abetta is designed for 'lil buddies who are unable to ride alone. Made of tough, rip proof Cordura Nylon laminated to shock-absorbing foam, the Buddy Seat attaches firmly to the back of your saddle. Thick foam-padded cantle and swell helps protect young riders from injury. The Buddy Seat comes complete with stirrups and adjustable Nylon stirrup leathers. Nylon straps on the swell provide handles for added security.

NOTE: The Buddy Seat is designed for use with a qualified adult rider only. Never allow an inexperienced rider to ride alone or supervise a child. Proper installation is required. All straps must be securely attached for safe and proper use of this product.

No. 27202

INSTRUCTIONS FOR INSTALLATION

1. Always thoroughly inspect equipment before use. Ensure safety by inspecting straps for wear and stretching. Inspect hardware for rust or cracks. Replace all points of attachment exhibiting wear or damage.
2. Ensure cleanliness of equipment. Remove dirt, burrs, stickers, grass - anything that may produce uncommon wear of equipment or produce sores and erratic behavior of the horse. Be sure the horse is familiar with all new equipment before riding.
3. Properly bridle the horse and attach the host saddle including final cinching.
4. Place the BUDDY SEAT on the back housing with the swell firmly against the cantle of the host saddle .
5. Attach the two front straps of the BUDDY SEAT. Pull the straps through the end rings of the front cinch and feed through the clips of the buckles attached to the end of the straps.
6. Be sure the BUDDY SEAT is centered on the host saddle. Tighten the front straps.
7. Attach the two back straps of the BUDDY SEAT. Pull the straps through the end rings of the front cinch and feed through the clips of the buckles attached to the end of the straps. Pull the straps tight.
8. NEVER ALLOW A CHILD TO RIDE WITHOUT A HELMET and PROPER ADULT SUPERVISION.
9. NEVER ALLOW A CHILD TO RIDE AN UNFAMILIAR HORSE OR IN UNFAMILIAR SURROUNDINGS.

ABETTA and it's parent companies are not responsible for injury caused by the use of this product.
