### **OBEY Training Treats for**

- Puppy Housebreaking
- Obedience Training
- Working Dog Rewards
- Daily Behavior Rewards

### **The Obey Advantage**

#### **SavorCoat™ Taste**

Dogs choose their food by smell, which is why we put the taste on the outside of the treat. OBEY features a unique gravy coating with an intense savory aroma. It's the small treat with a big taste your dog will love.

**QuickCrunch™ Construction**

Most treats are too big and too hard for a puppy's young teeth. OBEY is made with a shell that shatters when bitten for fast chewing and swallowing. It's a quick reward that leaves your dog ready for the next command.

**CleanCarry™ Surface**

OBEY's smooth, crumbles surface and non-greasy feel make it the perfect treat to carry in your pocket during housebreaking, obedience training, or just when you and your dog are out for a walk.

**Small Size/Fewer Calories**

Ordinary treats are too large and filling for dog and puppy training. OBEY Small Training Treats contain only 3.0 calories each. When you use OBEY, your dog won't get filled up or add extra weight while training or working.

**Stay With OBEY**

You don't have to give up the OBEY advantage when your puppy grow up. Simply switch to OBEY Regular, our specially formulated training treat for puppies and dogs over 25 pounds and large-breed puppies.

**Obedience Training: Why It Matters**

Obedience training is the single most important thing you can do for your dog. It not only develops a better pet, but the training process helps form a lifelong bond between you and your dog. So make that commitment to your dog's future—ask your veterinarian or pet professional to recommend a good obedience school—and look to Stewart, The Treat Professionals® for the products you need to help train your dog effectively.

**Why A Special Training Treat?**

Dog owners who reward their pets with fatty meats, salty snacks, high-preservative semi-moist treats, candy or homemade morsels all risk the ill effects of unbalanced mineral ratios and poor nutrition. For obedience training and good behavior reinforcement, you need a treat that's nutritious, great-tasting, easy to chew and swallow, and convenient to carry.

OBEY Training Treats combine all of these features. They're the Veterinary Formulated Training Treats designed for use as part of your training program and a treat you can use any time to reward good behavior.
