SULFODENE®
3-WAY OINTMENT SWABS FOR DOGS

- Helps prevent infection
- Aids in pain relief
- Ointment form provides germ, water & fly barrier
- Helps relieve topical conditions that may have a bacterial and/or fungal basis

For Use On: cuts, scrapes, scratches, bites, abrasions and skin irritations.

Directions For Use: Hold the center collar with one hand, while pushing the top half of the swab down to force the ointment up through the tip. Apply directly to the wound. Repeat 1 to 3 times daily as necessary. Discard applicator after use. Do not reuse.

Ingredients: Menthol, benzocaine, salicylic acid, sorbitan monooleate, polysorbate 80, cajaput (melaluca lucadendron – tea tree oil), citronella oil, thyme oil, cormmint oil, clove oil, sodium edetate disodium, benzalkonium chloride, butylated hydroxytoluene, echinacea, emu oil in a beeswax/petrolatum base

For external use only. In case of deep puncture wounds or serious burns, consult a veterinarian. If redness, irritation or swelling persists or increases, discontinue use and consult a veterinarian. Not for human use. Keep out of eyes or mucous membranes. Keep out of the reach of children. May stain clothing and furniture.

Store in controlled room temperature 15-30°C (59-86°F)
