

BioBerry

Guaranteed Analysis

Anthocyanin Antioxidants, Min 3400 mcg per ounce
Polyphenol Antioxidants, Min 7000 mcg per ounce

Ingredients: Freeze dried blackberry puree, maltodextrin

BioBerry contains some of nature's most powerful natural antioxidants. Anthocyanins and polyphenols are superior scavengers of free radicals. This antioxidant effect helps to eliminate the environmental pollutants from the body and aids in supporting the horse's immune systems. BioBerry also supports connective tissue health, normal respiratory and cardiovascular function.

Feeding Directions: Feed 30 grams (1 scoop) daily to horses as a top dress supplement on regular feed ration.
