Naturally the Best® since 1935!

Since 1935, Evanger's Dog & Cat Food Company, Inc. has been producing healthy, wholesome, high-quality products for pet owners who demand the best. Our founder, Dr. Fred Evanger, raised champion Great Danes and believed that his dogs' well-being was dependent on **wholesome, nutritious dog food—without any artificial preservatives and free of harmful additives.**

Frustrated with the pet food available, Dr. Evanger built our factory at his kennels. Today, Evanger's is still **family owned and operated.** Our pet foods and treats are sourced, blended and packaged only in the USA.

Nothing but Natural®

Free range GMO free range Buffalo is combined with fruits and vegetable, like farm-fresh Blueberries, Cranberries, Carrots and Peas, to create a tasty all natural treat for your pet. As a concerned pet owner, you can be assured that you are feeding your pet a 100% natural and nutritious treat.
