Inactive Ingredients: Dry milk replacer base (dried skimmed milk, dried whey, dried whey product, dried milk protein, colostrum, fat, lecithin, vitamin A acetate, d-activated animal sterol (source of Vitamin D3), dl-alpha tocopherol acetate (source of Vitamin E), riboflavin supplement, vitamin B12 supplement, niacin, choline bitartrate, biotin, folic acid, pyridoxine hydrochloride, calcium pantothenate, zinc proteinate, sodium selenite, chelated trace minerals (ferrous sulfate, cobalt sulfate, magnesium sulfate, manganese sulfate, copper sulfate, zinc sulfate, ethylenediamine dihydriodide, citric acid and disodium ethylene diamine triacetate)

Cautions: Safe use in pregnant animals or animals intended for breeding has not been proven. If animal's condition worsens or does not improve, stop product administration and consult your veterinarian.

I Stain is a supportive enzyme-based supplement that combats red yeast stains in dogs and cats. It contains natural ingredients and supportive probiotics to optimize the body's pH balance, creating an inhospitable environment for red yeast—the common cause of tear stains for pets.

Direction for Use: Orally administer 1 teaspoon daily for animals up to 25 lb: 2 to 3 teaspoons for animals over 25 lb. Can be given during or after mealtime. For use in dogs and cats.

Warnings: For animal use only. Keep out of the reach of children and animals. In case of accidental overdose, contact a health professional immediately.

Storage: Store at controlled room temperature; 15°C - 30°C (59°F - 86°F).
