

# Espree® Natural Oral Care Gel for Dogs

## *Espree Animal*

**Removes Plaque & Tartar Without Brushing**  
**Freshens Breath**  
**Supports Healthy Gums**

**Veterinarian Formulated**  
**NO BRUSHING**

### **Natural Peanut Butter Flavor**

Espree Natural Oral Care Gel breaks down and removes plaque and tartar, freshens breath and works under the gum line to support overall oral health.

**INGREDIENTS:** Water, Grain Alcohol, Natural Peanut Butter Flavor, Xanthan Gum, Peppermint Oil, Grapefruit Seed Extract, Grape Seed Extract, Thyme Oil and Neem Oil. Preservatives added.

### **EASY TO USE:**

**Removing Build-up:** Apply twice daily until plaque & tartar have dissolved. Noticeable results in 14-30 days. Results may vary.

**Keeping Teeth Clean:** Apply once daily, two to three times per week.

Apply recommended amount of gel into pet's mouth, directly on the gum line, if possible, to speed results. Even wiping gel on the outside of your pet's mouth will work as they will lick it off.

### **AMOUNT TO USE EACH SIDE OF MOUTH:**

Pet under 12 lbs	2-3 drops
Pet 13-35 lbs	3-4 drops
Pet 36-60 lbs	4-5 drops
Pet over 60 lbs	5-6 drops

### **FOR BEST RESULTS:**

Withhold food and water for at least 30 minutes after application. While toothbrushing is not required, it can speed up results.

### **MADE IN USA**

**WITH GLOBALLY SOURCED INGREDIENTS**
