Doctor Formulated	NO Corn, Wheat or Soy	No Added Salt or Sugar
Naturally Active Ingredients	Non-GMO	Made With 100% Beef

Contains 100+ Supplement Sticks

### **Safe and Effective Pain Relief for Your Dog**

CannaLove Pain Relief K-9 Support is a safe and effective pain relief option for your dog suffering from arthritis, osteoarthritis, hip dysplasia and other conditions affecting the joints, especially as they age or if they have suffered an injury to a specific joint. Inflammation of the joints in dogs is a common problem, especially as they age or if they have suffered an injury to a specific joint. It can be mild or debilitating, severely affecting your dog's quality of life or, in unfortunate instances, causing complete immobility.

CannaLove Pain Relief K-9 Support provide the proven combination of Glucosamine and Chondroitin in the required sulfate forms. Glucosamine works as a natural anti-inflammatory by regulating the synthesis of collagen in cartilage, while Chondroitin enhances cartilage elasticity and thickness by inhibiting destructive enzymes found in both joint fluid and cartilage. Further enhanced by the addition of Piper nigrum and Curcumin, a complex rich in anti-inflammatory and immune modulatory actions, CannaLove Pain Relief K-9 Support can aid your pet in overcoming the pains and discomforts of joint and mobility conditions, so your dog can live a relatively normal and pain-free life.

- Natural Anti-Inflammatory Pain Relief
- Aspirin-Free
- Perfect For Dogs Of All Ages

### **Feeding Guidelines:**

Up to 25 lbs: 1 Stick  
26-75 lbs: 2 Sticks
