

CannaLove™ Anxiety Relief Shampoo

Pet FX

Hemp Infused

Ceramide Production Helps Boost Skin Healing

Natural Fatty Acid Esters Promote Feeling of Well-Being

Doctor Formulated

CannaLove Anxiety Relief Shampoo delivers the rich aromatic fragrances of Eucalyptus, Pear and Apple to create a calming atmosphere and a more enjoyable bathing experience for your dog. Emotional and environmental stress can cause your dog to become anxious and agitated. The calming effects of aromatherapy can help reduce this stress and create a more enjoyable bathing experience for your dog.

CannaLove Anxiety Relief Shampoo includes a proprietary complex of blend containing Lemon balm, Ylang ylang, Horsetail, Hops, Sage, Rosemary, Nettle, Pear, Apply, Eucalyptus and naturally occurring Hemp fatty acids.

- Eucalyptus extract boosts skin healing ceramide production
- Natural pheromone fatty acid esters promote well-being effect
- Soothing complex reduces agitation from unwanted skin conditions
- Promotes feelings of well-being & safety

For Topical Use Only.

Keep Out Of Reach Of Children

Directions For Use: Wet coat. Apply CannaLove shampoo directly to coat. Avoid contact with eyes. Lather and massage coat for 3-5 minutes. Allow lather to penetrate the fur and reach the skin. Allow lather to remain on coat for up to 10 minutes if possible. Rinse well. Repeat if necessary. Keep your pet warm until fur is dry.

Cruelty Free, Biodegradable

No Salts, Oils, Alcohols, Sulfates or Parabens

Naturally Hypoallergenic

Bring the power of hemp to your dog's fur and scalp. CannaLove shampoos were developed using proprietary hemp technologies found in two U.S. patents!

Functional hemp extracts deliver powerful antioxidants to help prevent environmental damage to your pet's fur and scalp. Strong yet gentle emulsifying agents aid in the removal of soil and grime, while its crucial fatty acid complex aids in preventing fur follicle starvations. CannaLove shampoos contain omega fatty acids, proteins, terpenes and other phytonutrients from hemp.
