**Caution:** Safe use in pregnant mares or animals intended for breeding has not been proven. If lameness worsens, discontinue use and contact your veterinarian. Administer during or after the animal has eaten to reduce incidence of gastrointestinal upset.

**Note:** This product contains hemp. Check with your association for testing rules and regulations under which you may compete.

KEEP TIGHTLY SEALED AND STORE IN A DRY PLACE OUT OF DIRECT SUNLIGHT.

AniMed's AniFlex Complete with Hemp is specifically formulated to target supported joint and connective tissue flexibility, structural integrity and optimal function of joints and connective tissue. It enhances the physical and mental wellbeing of your horse, as well as helping maintain a normal inflammatory response and supporting antioxidant function. The natural ingredients in AniFlex Complete with Hemp work together to ease joint stiffness from normal exercise and daily activities by enhancing tissue pliability and helping maintain the body's joint lubricating synovial fluid. For use in horses only.

**Directions For Use:** Supply horses, of all classes, 2 tbsp daily for 14 days, then provide 1 tbsp daily for maintenance. The large end of the enclosed scoop measures 1 tbsp or approximately ½ ounce.

**Warnings:** For animal use only. Keep out of the reach of children and animals. In case of accidental overdose, contact a health professional immediately. This product should not be given to animals intended for human consumption.

Made in the USA
