KEEP TIGHTLY SEALED AND STORE IN A DRY PLACE OUT OF DIRECT SUNLIGHT.

AniMed's Via-Calm with Hemp is formulated to help dogs exhibiting nervousness from environmentally induced stress. The combination of hemp, l-tryptophan, thiamine, calcium and magnesium promotes a sense of relaxation and mental alertness without drowsiness. Hemp supports healthy function and balance of the body's endocannabinoid system (ECS), enhances the physical and mental well-being of your dog and helps support cognitive function. Via-Calm with Hemp, for dogs, is for use in dogs only.

Directions For Use: Provide 1/2 teaspoon for dogs under 30 lbs of body weight. For dogs over 30 lbs, provide 1 teaspoon.

Warnings: For animal use only. Keep out of the reach of children and animals. In case of accidental overdose, contact a health professional immediately. This product should not be given to animals intended for human consumption.
