

# Hair Dye Paste Instructions

## *Weaver Leather Livestock*

### Box Includes

- 1 set of gloves
- 1 tube of color base
- 1 bottle of color developer
- 1 brush
- 1 plastic tray for mixing

### Preparation

1. Wearing gloves, squeeze desired amount of color base into mixing tray on one side of the raised line.
2. Squeeze an equal amount of color developer into the mixing tray on the other side of the raised line.
3. For best results, mix product with the plastic end of the brush until thoroughly blended. Do not mix with the bristle end as unmixed product may get stuck in the bristles. Wipe end of tube to prevent staining. Replace cap to avoid exposure to air.

### Application

1. Rinse and dry area of animal that is being dyed. Apply dye with brush.
2. Let dye sit for 15 minutes.
3. Rinse dye out completely until water runs clear. If dye is on the head of the animal, wipe the remainder off with a wet cloth until clear. Protect sensitive areas, such as eyes and mouth from coming into contact with the dye as irritation may occur.
4. Wash with Weaver Leather Livestock shampoo thoroughly.

**Note:** A second application may be applied to reach the desired color.

### Usage Advisory:

Important Safety Warnings: Hair color products may cause allergic reactions, which in rare cases, can be severe. Tattoos may increase the risk of allergy to this product. Always wear protective hand coverings when using this product to prevent irritation, burning or allergic reaction. Conduct a skin allergy test 48 hours prior to each application, even if you have already used coloring products before. Remember to buy the product 48 hours in advance. **DO NOT USE** this product if you have experienced any reaction to hair color products or have sensitive, irritated or damaged skin. In these

cases, do not conduct the skin allergy test and consult a doctor before using any hair color product. Read and follow instructions carefully. In rare cases, use of hair colorants has been associated with temporary or permanent skin depigmentation (skin lightening or loss of color). If you notice any skin depigmentation or other unexpected reaction such as pain or severe itching, discontinue use immediately.

**Caution:** This product contains ingredients that may cause skin irritation on certain individuals or livestock animals. A preliminary test according to accompanying directions should first be made. Test product for skin sensitivity and coverage on a small patch of shorter hair on the offside/non-show side of your calf before dyeing. This product must not be used for dyeing the eyelashes. To do so may cause blindness. Keep product out of the reach of children. Avoid contact of this product with eyes and skin; if product gets into eyes, rinse immediately.

**Always wear protective gloves when mixing and using product.**

**Thoroughly rinse hair after application.**

**READ AND FOLLOW THE INSERT. IMPORTANT: FOLLOW THE USAGE ADVISORY.**

**Product may cause allergic reactions on humans and/or livestock.**
