

Coat Defense® Canine Trouble Spot Drying Paste

Horsepowder

Quickly Treats:

- Hot Spots
- Insect Bites
- Wounds/Sores
- Inflammation

Directions: Spread paste with finger to create the scab area that is about 1/8" thick. Wait ten minutes and skin cells will start knitting together!

BTW...it works great on people!

Ingredients: Sodium Bicarbonate, maranta arundinacea (arrowroot) powder, bentonite clay, zea mays (corn starch), witch hazel, hempseed oil, menthe piperita (peppermint) oil.

ANTI-BACTERIAL – ANTI-FUNGAL
