Scientifically formulated hydrating & nourishing conditioner that uses the hair and skin's natural oil make up to formulate the best replenishment of the natural oils and vitamins back into the hair to promote hide and hair health as well as hair growth and strength. The high nutrition oils are also light weight for maximum hair shine and effortless body.

Directions: Apply to animal using Sullivan's Soap Foamer after the animal has been washed with Volumizer Shampoo and rinsed. Let sit for 5-10 minutes and rinse out. Blow dry animal and apply Sullivan's Kleen Sheen or Revive Conditioner.

How do the VITA HAIR™ nourishing vitamins work?

Biotin is the first vitamin thought of when considering HAIR GROWTH. The major benefit of Biotin is its ability to strengthen the hair follicle, along with increased elasticity of the cortex to prevent hair breakage and dryness. This enables healthy, FASTER HAIR GROWTH. Biotin also thickens the actual hair cuticle providing a fuller appearance.

Pro-Vitamin B-5 is considered the king of all HAIR CARE vitamins. It stimulates healthy scalp circulation which to improved hair health. It possesses superior long term moisturizing properties because of its unique ability to penetrate and nourish the hair shaft then sealing the surface to protect and make the hair shine.

Vitamin E is an antioxidant that stimulates circulation to the skin and supports capillary growth. When there are more capillaries the circulation improves leading to increased nutrient absorption into the hair follicles, which speeds hair growth.

Naturally Healthy Hair...HOW?

Sullivan's Hydrator™ Nourishing Conditioner is formulated with a proprietary blend of plant based non-ionic surfactants derived from coconuts, corn, olives, and fruit esters. This neutral pH surfactant system makes it gentle and nourishing as it gently cleans deep, down to the roots of each hair follicle. Fortified with the VITA HAIR™ nourishing vitamin package to boost hair and skin health without added weight to hair. Vita Hair

Volumizer™ is biodegradable, but most importantly, it does not contain any harsh invasive, abrasive detergents that can strip the natural oils or leave the hair flat.
