

# **Wool Grower**

## ***Sullivan Supply***

### **For Use On Show Lamb Leg Wool**

- **Promotes Wool Growth**
- **Daily Conditioner for Leg Wool**
- **Infused with Tea Tree Oil, Clover Oil and Citronelle Oil**

This daily conditioner is sure to be a staple in your show barn and taking your wool quality to the next level. Infused with Tea tree oil and clover oil to promote wool growth and conditioning the wool without the added weight of a heavy oil. Adding value to the formula is the citronella assisting with the prevention of insects making it a great product for all year round.

### **Directions**

1. Rinse or wash your lamb according to your daily program.
2. Dry the leg wool completely.
3. Spray Sullivan's Wool Grower generously on legs.
4. Work the product in with Sullivan's Edge Slicker or Edge Sensation Brush or for very thick wool use Sullivan's Smart Comb.
5. Blow the product deep to the root of the wool, by creating some distance between the blower tip and the leg and lightly blowing straight into the leg. An aggressive blowing technique could blow out all of the product.
6. Brush out and smooth the legs one more time.
7. Optional: For additional protection wrap the legs using Sullivan's Leg Dress or Sullivan's Deluxe Leg Tube to protect the leg from any rub off or chewing.

### **Shake Well**

### **Store at room temperature**

**Caution:** Keep away from eyes. May cause eye irritation, rinse with plenty of cold fresh water. If irritation persists contact physician. Do not drink. Keep out of reach of children.
