

Welactin[®] Canine

Nutramax[®] Laboratories

Omega-3 Skin and Coat Soft Gel Capsules for Dogs of All Sizes

Welactin soft gels are a convenient no spill minty form to provide your dog with long chain Omega-3 Fatty Acids.

Welactin Canine is a rich source of Omega-3 fatty acids obtained from cold-water fish. While using Welactin Canine, look for a response in your dog's general appearance, activity level, attitude, appetite, and alertness.

Omega-3 Fatty Acids Have Beneficial Effects by Helping Support the Following Areas:

- **Skin/Coat Health-** support healthy skin/coat
- **Heart Health-** support normal heart rhythm
- **Kidney Health-** support renal function
- **Brain/Vision-** support the nervous system -trainability
- **Immune System Health-** support immune function

Directions for Use:

Give one soft gel capsule per 20 pounds of your dog's body weight daily or as directed by your veterinarian. The soft gel capsules may be given by hand as a treat. If your dog refuses them at first, add them with your dog's food, as some dogs need to get used to the texture of the gelatin capsule. The soft gel capsules can also be punctured and the oil applied directly onto the dog's food.

For Higher levels of Omega-3 ask your veterinarian about Welactin[®] liquid.

Keep in a cool, dry place out of direct sunlight.

Keep lid closed tightly

FOR ANIMAL USE ONLY.

KEEP OUT OF REACH OF CHILDREN.

AVAILABLE FROM YOUR VETERINARIAN
