

Daily Essentials Pellets for Horses

Formula 707®

Quality Products for the life of your horse since 1946

Scientifically formulated to keep horses in top condition. A concentrated vitamin/mineral supplement for all classes of horses.

OUR STORY

We know the importance of your horse's health and success. Over 75 years ago, in LaSalle, Colorado, we began our company with a passion for excellence in equine nutrition. Today, we continue to manufacture our products in our own facility, ensuring every step of the process delivers the freshest, highest quality product at the best value.

Formula 707 Daily Essentials pellets contain every vitamin and mineral a horse needs is known to need for overall health and condition. Daily Essentials contains proteinated trace minerals that are designed to survive the digestive process and maximize absorption. Feeding once per day is recommended to fill nutritional gaps where forage may be lacking.

Vitamins

Vitamin A, Vitamin D₃, Vitamin E, Riboflavin, Thiamine, Choline, Niacin, d-Pantothenic Acid, Vitamin B₆, Ascorbic Acid, Folic Acid, Vitamin B₁₂

Minerals

Calcium, Phosphorus, Magnesium, Potassium, Sodium, Copper, Zinc, Iron, Manganese.

Approximate Horse Weight	Recommended Daily Serving
<400 lb	1 scoop
800 lb	1 scoop
Average: 1100 lb	1 scoop
>1500 lb	1 1/2 scoops+

Serving sizes are approximate and can be safely adjusted up or down if needed.

- Great for All Ages & Classes of Horses
- Proteinated Minerals for Easy Absorption
- Easy-to-feed Pellets

Feeding Instructions

Guaranteed Analysis per scoop (2oz.)

Minerals	%	PPM
Calcium (CA) (min)	4	40,000
(max)	4.5	45,000

Phosphorus (P) (min)	4.6	46,000
Magnesium (mg) (min)	0.8	8,000
Potassium (K) (min)	1.5	15,000
Sodium (Na) (min)	0.6	6,000
(max)	1.0	10,000
Copper (Cu) (min)	0.017	170
Zinc (Zn) (min)	0.09	900
Iron (Fe) (min)	0.25	2,500
Manganese (Mn) (min)	0.06	600

Vitamins	IU/lb
Vitamin A (min)	200,000
Vitamin D3 (min)	70,000
Vitamin E (min)	320

	MG/lb
Riboflavin	320
Thiamine (min)	120
Choline (min)	2,600
Niacin (min)	2,000
d-pantothenic Acid (min)	240
Vitamin B6 (min)	60
Ascorbic Acid (min)	20
Folic Acid (min)	10

Ingredients:

Alfalfa, Wheat Midds, Monocalcium Phosphate, Monosodium Phosphate, Calcium Carbonate, Yeast Culture, Magnesium Oxide, Roughage Products, Corn Distiller's Dried Grains with Solubles, Choline Chloride, Ferrous Sulfate, Vitamin B-12 Supplement, Niacin Supplement, Inositol, Iron Proteinat, Zinc Proteinat, Zinc Sulfate, di-Alpha Tocopherol Acetate (source of Vitamin E), Vitamin A Acetate, Copper Sulfate, Calcium Pantothenate, Copper Proteinat, Thiamine Mononitrate, Cholecalciferol (source of Vitamin D-3), Pyridoxine Hydrochloride, Ascorbic Acid, Folic Acid.

Feeding Directions:

Nursing Foals: All foals should be started on a creep feed about 30 days after birth. Mix 1 scoop (2oz.) of Formula 707 with a pound of oats and feed this mix to the foal every day. As the foal grows, increase the oats to the whatever amount it will clean up readily every day.

Weanlings: Horses at the weaning stage need more supplement per pound of body weight than older animals do. Continue to feed the 2 ounces of Formula 707 along with 8 to 10 lbs. of oats, a pound of dehydrated alfalfa pellets, a pound of good oil meal, and 6-8 lbs. of good quality grass-legume hay every day. For more fat on weanlings, replace a couple of pounds of oats with 2lbs. of corn.

Adult Horses: Feed 1-1 ½ scoops (2-3oz.) daily to average 1100 lb. horse.

General: We recommend continuous feeding of Formula 707 Daily Essentials, good clean food, good water, and adequate care and exercise for maintaining best condition of all horses.

Caution:

For animal use only.

Prepared especially for horses.
