

# Hoof Health Pellets for Horses

## **Formula 707®**

Quality Products for the life of your horse since 1946

Intense support for problem hooves in all classes of horses.

### **OUR STORY**

We know the importance of your horse's health and success. Over 75 years ago, in LaSalle, Colorado, we began our company with a passion for excellence in equine nutrition. Today, we continue to manufacture our products in our own facility, ensuring every step of the process delivers the freshest, highest quality product at the best value.

Poor-quality hooves can lead to eventual lameness, and the condition of a horse's hooves is an indication of your horse's overall health and nutritional state. Our unique blend of ingredients makes Hoof Health the most balanced product of its kind. You'll see results in just a few weeks, and dramatic improvements in just a few months.

### **Vitamins**

D-Biotin, Vitamin B<sub>6</sub>, Choline

### **Minerals**

Calcium, Phosphorus, Zinc, Proteinated Manganese, Copper

### **Amini Acids**

DL- Methionine, L-Lysine
