### **Curcumin and Hyaluronic Acid Support Supplement for Horses**

- For Optimum Action, Suppleness & Movement.
- Significantly Better Absorption Than Standard Turmeric.
- Fast Acting Bioavailable Ingredients.
- Vegan Formula

**Kurasyn 360X** is a complimentary feed supplement for horses containing highly bioavailable Curcumin combined with Hyaluronic acid.

It contains a fast-acting Curcumin extract complexed with a naturally occurring oligosaccharide and has significantly better absorption compared with standard turmeric.

**Kurasyn 360X** can be fed to horses as a nutritional adjunct:

- Before and after periods of physical stress.
- Continuously for horses in hard training.
- For maintenance of normal joint function.
- During periods of rehabilitation from injury.

### **Instructions for Proper Use:**

**Kurasyn 360X** should be added to the normal feed ration.

Maintenance Feeding Rate is 25ml (approx. 0.85 fl. oz) per day, but during times of intense training and recovery feed 50ml (approx. 1.7 fl. oz) per day.

Care should be taken feeding white noses horses, as the product may stain- it is recommended to feed directly to the horse.
