

UltraCruz® Goat & Sheep Cobalt Bolus

San Juan Ranch®

Santa Cruz Animal Health®

Slow-Release Source of Cobalt for Vitamin B12 Maintenance

Guaranteed Analysis: per recommended amount (1 bolus; 10g)

Cobalt:3,000 mg

Ingredients: Cobalt Oxide Pellet, Gelatin (capsule).

Servings per Container: 100 Boluses

Recommended Use: recommended to provide a slow-release source of cobalt.

Feeding Directions: Seek the advice of a veterinarian or goat/ sheep husbandry specialist to ascertain cobalt status and the type of supplementation required for goats/ sheep under consideration. FOR GOATS AND SHEEP OVER 3 MONTHS OF AGE AND WEIGHING OVER 50 LBS, GIVE 1 BOLUS EVERY 3 YEARS. Sheep may be dosed yearly on veterinary advice.

Caution: Do not give to goats or sheep of unknown cobalt status or those supplemented with other sources of cobalt.

Warning: For animal use only, keep out of the reach of children and other pets. NOTE: Please report any adverse side effects to Santa Cruz Animal Health and consult your veterinarian.

Storage: Store in a cool, dry place out of direct sunlight.
