

TLC + Collagen

AniMed®

Achieved through science, approved by animals®

Tendon & Ligament care

For horses of all classes

AniMed's TLC with collagen contains an exact balance of amino acids with glucosamine needed to help rebuild damaged tendons and ligaments. Tendon and Ligament Care is boosted by vitamins A and C, which aid rebuilding and stabilizing the collagen fibers that make up tendons and ligaments. With Vitamin D, Tendon and Ligament Care is scientifically formulated to promote optimal support for your horse to return to full activity.

Directions for use:

Provide 2 scoops per 1,000lbs body weight for two weeks, then feed 1 to 2 scoops per 1,000lbs body weight daily for maintenance. Amount and frequency may be varied as necessary. The enclosed scoop is measured approximately 1 oz.

Active Ingredients per 1 oz (1 scoop):

Type 1 and III Collagen Peptides 3,750 mg, Vitamin A (min) 9,000 IU, Vitamin C (min) 4,500 mg, Vitamin D (min) 5,000IU, Calcium 250 mg, Phosphorus 62 mg, MSM 2100 mg, Glucosamine HCl 2,500 mg, Glycine 2,500 mg, Arginine 2,500, Lysine 2,500 mg, Zinc 225 mg, Copper 75 mg, Hesperidin 500 mg, Creatine Monohydrate 1,000 mg.

Inactive Ingredients:

Amorphous Silica (Food Grade Diatomaceous Earth)

For use in horses only

Cautions:

If animal's condition worsens or does not improve, stop administration and consult your veterinarian. Safe use in pregnant or breeding animals has not been proven.

Warnings:

Not for human consumption. Keep out of reach of children and other animals. In case of accidental overdose, contact a health professional immediately.

Storage and Handling:

Keep tightly sealed and store in a dry place out of direct sunlight.
