

Calf Start™

SF STRAUSS FEEDS®

Infant Animal Nutrition

Calf Milk Replacer

- A high protein, complete non-medicated milk replacer recommended for dairy and beef calves.
- Formulated with 24% all milk proteins and 20% for maximum nutrient absorption.
- Developed specifically for calves from 2 days of age to weaning.
- Boosted by BioPrime Technologies for strong and healthy infant animals.

Mixing and Feeding Directions

Newborn calves should be given colostrum (cow's first milk) as early as possible and continue for the first 24 to 48 hours of life.

Refer to the following guidelines for mixing and feeding instructions. Remember, each animal is different and the guidelines below may need to be adjusted for body size and condition. In general, large animals will need more than smaller animals. Consult with a qualified veterinarian regarding health concerns.

Mix 12 ounces of milk replacer powder (3 Measures*) into 3 quarts of warm (110°F) water. Feed 2-3 quarts twice daily until weaning.

Mix 8 ounces of milk replacer powder (2 Measures*) into 2 quarts of warm (110°F) water. Feed 2 quarts of this solution 2 times daily for the first week, then 3 quarts 2 times daily until weaning.

Provide a good quality texturized feed after 4 days of age. Hay should not be offered until calves are weaned.

Wean calves when they are consuming 1.5 pounds of starter feed per day for 3 consecutive days.

*The measuring cup provided in the bag holds approximately 4 ounces of milk powder replacer. For greater accuracy, a suitable scale is recommended.

Guaranteed Analysis

Crude Protein, Minimum	24.00%
Crude Fat, Minimum	20.00%
Crude Fiber, Maximum	0.15%
Calcium, Minimum	0.75%

Calcium, Maximum	1.25%
Phosphorus, Minimum	0.60%
Selenium, Minimum	0.3 ppm
Vitamin A, Minimum	30,000 IU/LB
Vitamin D3, Minimum	10,000 IU/LB
Vitamin E, Minimum	200 IU/LB
Total Microbial Count	8.33x10 ⁸ CFU/LB
(Bacillus subtilis)	

Ingredients

Dried Whey Protein Concentrate, Dried Whey, Dried Whey Product, Animal and Vegetable Fat (Preserved with BHT), Coconut Oil, Dried Skim Milk, Citric Acid, Yeast Primary Dehydrated, Lecithin, Dried Milk Protein, Dicalcium Phosphate, Calcium Carbonate, Magnesium Sulfate, L-Lysine, Silicone Dioxide, dl-Methionine, Maltodextrin, Dried Bacillus subtilis Fermentation Extract Product, Vitamin A Acetate, Vitamin D3 Supplement, Vitamin E Supplement, Iron Amino Acid Complex, Vitamin B12 Supplement, Thiamine Mononitrate, Ascorbic Acid, Manganese Amino Acid Complex, Zinc Amino Acid Complex, Copper Amino Acid Complex, Selenomethionine Hydroxy Analogue, Biotin, Riboflavin, d-Calcium Pantothenate, Niacinamide, Choline Chloride, Menadione Sodium Bisulfate Complex (Source of Vitamin K3), Folic Acid, Pyridoxine Hydrochloride, Calcium Iodate, Polyoxyethylene Glycol (400) Mono and Dioleates, Artificial Flavor.
