### Precautionary Statements

**Caution:** Causes moderate eye irritation. Avoid contact with eyes, mouth or other sensitive areas. Wash hands thoroughly with soap and water after handling. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Do not apply to hands of children or allow children to apply without adult supervision.

**First Aid:** Have the product label available when seeking medical advice or treatment.

**If In Eyes:** Rinse cautiously with water for several minutes. Remove contact lenses, if presents and easy to do. Continue rinsing.

**If On Skin or Clothing:** Wash contact area thoroughly with soap and water. Get medical attention if irritation or rash occurs.

**If Swallowed:** Keep the victim calm and warm. Do not induce vomiting unless told to do so by medical personnel. Get medical attention if symptoms develop.

**Physical and Chemical Hazards:** Do not apply on or around electrical wiring. Do not apply to hot surfaces or equipment.

**Storage and Disposal:** Do not contaminate water, food, or feed by storage or disposal. Store in original container at room temperature in a dry location inaccessible to children or animals. Do not reuse container. Rinse empty container and recycle or dispose in

trash. Comply with state and local guidelines for disposal and unused product. Keep containers closed when not in use.

**Directions for Use:** Ready to use, no dilution necessary.

**For horses:** Brush coat before use to remove debris. Do not apply around eyes, mouth, or other sensitive areas or if skin is irritated, burned or injured. Spray evenly as a light mist to dampen coat but not to the point of wetting skin. For application to face or other sensitive areas, dampen soft cloth with Vetforce Equine Repellent and wipe onto those areas.

**For riders:** Do not spray face or other sensitive areas. Avoid eyes. Apply as a light spray to skin and clothing. Alternatively, dampen a soft cloth and apply by wiping onto skin, especially for application around the face. Check clothing, leather, and other surfaces for staining by applying to a small area before full use.
