LeoVet®

Cooling Aid! GEL for Horses

Water-bonding on horse's wet legs!

The extra strong, long-lasting cooling promotes deep-acting fast regeneration and relieved stressed ligaments, tendons and muscles. Promotes blood circulation, relaxes muscles, vitalizes and soothes. Can be applied to the wet horse legs and cools for hours. With rosemary oil, peppermint oil, eucalyptus oil, and mountain pine oil. Use preventatively after every workout.

Application:

Apply to the horse's wet legs and massage in. Thanks to the easy handling, °Celsius is particularly suitable for accelerated regeneration after each workout and has a preventative effect, thus protecting the horse's precious legs.

Active Ingredients:

Rosemary Oil, Peppermint Oil, Eucalyptus Oil and Mountain Pine Oil.

Petroleum- Free

Made in Germany
