

Gold-As-Sun Show Formula

Cheval International

Designer Coat Enhancer for Palominos, Buckskins, and Duns!

Cheval's Designer Coat Enhancers are the original coat enhancers. Developed exclusively by Cheval to darken, shine, enrich every color of horse coat, your horse will gleam like a champion show horse all year round. Colors become more brilliant; coats are shinier and easier to clean. Our **Paprika Free Formulas** are the perfect solution for your show horse. For the most brilliant results use Cheval's regular formulas year-round, then switch to **Show Formula** one week prior to showing to make sure you are in full compliance with drug testing authorities. Or, if you show regularly, use **Show Formula** year-round. Your choice. Packed full of spices, the perfect balance of omega oils and amino acids for a horse's system, five different seaweeds, hay specifically grown in South Dakota's mineral; rich soils and many more healthy ingredients.

Directions for Use: Feed 2 scoops, once per day. During the heat of summer, you may want to double the dose.
