

# **SU-PER® Poultice**

## ***Gateway Products, Inc.***

SU-PER Poultice contains essential oils to assist in the cooling and drawing properties. It utilizes a blend of premium clays that are very good at retaining moisture and drawing out heat and inflammation over extended periods. One drawback of this poultice is that the clays used in this product sometimes do not wash off as easily as some other poultice clays. Part of what makes it excellent at drawing inflammation and retaining moisture is what makes it a little more difficult to work with in terms of cleaning up after the treatment is finished.

### **Ingredients:**

Aluminum Silicate, Water, Calcium Carbonate, Glycerine, Magnesium Sulfate, Ammonium Alum, and Oil of Eucalyptus.

### **Directions For Use:**

**Legs** — Cleanse area thoroughly. For maximum results, cover area to be treated with a liberal amount and cover with moist, brown paper. Then wrap with plastic and hold in place with a quilted leg wrap or sheet cotton and a standing bandage. Leave in place for 12 to 24 hours. Wash off with water.

**Hooves** — Pack bottom of hoof and hold in place with brown paper or hoof boots.

**CAUTIONS: Take time to observe label directions.** Keep out of reach of children. Close container after each use.

“MONEY BACK GUARANTEE: If you’re not happy with the results, return to manufacturer for a full refund!”
