**Feeding Directions:** Feed every day. Sprinkle on food or mix into food. The enclosed 1/4 teaspoon scoop contains 1.5mg (1500mcg) of biotin.

Dogs under 30lbs. and all cats: 1/4 teaspoon each day

Dogs over 30 lbs.: 1/4 teaspoon for every 30 lbs. of body weight each day

A double level may be safely given to pregnant and lactating pets.

Best when used with tender loving care!

**Product Description:** BioCoat is a concentrated biotin supplement in a tasty powder. Biotin is one of the essential B vitamins that works as a nutritional enzyme for the synthesis of fatty acids, important building blocks for skin and coats. BioCoat contains primary dried yeast, which differs from brewers' yeast. Primary dried yeast is far more nutritious and not simply a by-product of the brewing industry.

**Warning:** Rancid oils and fats, and raw egg whites destroy biotin. If oils are given, please keep them refrigerated.
