

Shut-Eye® For Pinkeye

American Animal Health, Inc.

Package Contents:

10 Regular **Shut-Eye®** and special **Shut-Eye®** cement

Instructions For Use:

1. Be sure animal's hair is dry
2. Brush away dirt and loose hair
3. Apply 1/4" ring of adhesive around patch 1/2" from edge.
4. Apply medication.
5. Place patch over eye with peak centered, seam pointing toward ear. Press on firmly to assure good bond.
6. Patch will fall off in about seven to ten days and decompose.
7. If infection persists, consult your veterinarian.

CAUTION: Avoid getting adhesive in eye.
