MEGA-SEL[®]

SELENIUM AND VITAMIN E SUPPLEMENT

- Unique patented formula
- Excellent absorption
- Palatable liquid
- Better than powders
- Safe and effective for over 30 years

Description

MEGA-SEL is the original patented and trusted brand with a selenium and vitamin E absorption system proven effective and safe.

Indications

For horses that are low in selenium and those looking to achieve a performance level of selenium. Also for use on horses experiencing problems with muscle soreness.

Rated #1 by the Horse Journal

"This liquid formula results in blood levels higher than those achieved with powdered forms... We like MEGA-SEL."

SPECTRA Premium

SHOWN TO REDUCE EQUINE MUSCLE SORENESS

Spectra has 30 years experience with safe and effective selenium supplementation to reduce muscle soreness, including an absorption study.

Field Testing

* Serum selenium testing conducted at Michigan State University
 * Every production batch is independently lab tested to assure the proper selenium content.

"We have used **Mega-Sel** since it was put on the market. We have been pleased with the results and have used it extensively on horses, both race and show horses. It is also excellent to improve the selenium blood level for sheep and goats for hobby farmers. I would endorse this product without hesitation."

Dr. James K. Irving
 Oakdale Large Animal Clinic
 Homer, MI

"We have been able to significantly reduce the amount of muscle soreness and stiffness, on both race horses and hunter jumpers, using **Mega-Sel**."

Dr. John L. Kroh
 Kirtland Veterinary Clinic
 Lirtland, OH

"**Mega-Sel** is an excellent, safe source of Vitamin E/Selenium."

Dr. Barry C. Betts
 Houston, PA

"I have been using **Mega-Sel** since it first came out. It has worked extremely well on horses prone to tying-up syndrome and, when used on a daily basis, has literally replaced the need for and use of ESE injections in my practice. Extremely palatable, it will be the rare horse that refuses to eat it."

Dr. Robert J. Sray
 Northwest Veterinary Clinic
 Jackson, MI

"I have used **Mega-Sel** now for several years. It does seem to provide a more available source of selenium. In cases where there was selenium in salt, feed and supplement yet blood levels were still low, the **Mega-Sel** brought the levels up where I wanted them within a short period (4-6 weeks) - verified with repeat blood test."

Dr. Thomas E. Dombroski
 Farm & Pet Veterinary Service
 Whitmore, MI

"I have noted a change in my show horses' coats after the use of **Mega-Sel**. I am constantly complimented on my mare's sleekness. I work these horses hard and have never experienced problems with muscle fatigue, tying-up, etc. We swear by **Mega-Sel**"

Dr. Cindi M. Cox
 Brighton, MI

"I have taken blood samples and have shown increased levels of Selenium. **Mega-Sel** allows these animals to perform at their peak levels with no medical problems."

Dr. Albert P. Barnett
 Laurel Highlands Animal Hospital
 Somerset, PA
