

Micro-Tek® Equine Gel

Eqyss Grooming Products

Maximum Strength

For Horses With Skin Problems.

Cruelty Free

Micro-Tek® Equine Gel

Soothes on Contact

Safe For Pets

Soothes on contact. All the effectiveness of Micro-Tek Spray in a Gel concentrate with a cooling Aloe Vera base. Fast acting, safe and effective for animals of all sizes. Helps scratching, itching, biting and rubbing irritated skin. Apply directly onto affected areas. Provides long lasting leave on protection. Great for horses that don't like to get sprayed, or for use in winter when it is too cold to use a spray. Safe for all horses, ponies, pregnant mares and foals. Best if used with Micro-Tek Shampoo for maximum effectiveness. Floral fragrance.

- Soothes red, irritated skin on contact
- Helps scratching, itching and rubbing
- Won't burn or hurt irritated skin or open wounds
- Safe to use on genital area
- Non-steroidal

Caution: Do not use this gel with any other medicated shampoo or spray, particularly those containing IODINE or BETADINE. Swelling may occur.

Directions: Wash horse with Micro-Tek Shampoo and rinse. Rub Micro-Tek Gel on the specific area affected. Leave on. Continue applying gel to damaged areas 2 or 3 times a day on dry coat until skin condition is controlled. Repeat process as needed.
