Micro-Tek® Pet Spray

Leave-On Protection

Stop-Itch Formula

Fast acting spray soothes on contact using superior ingredients. Provides leave-on protection that continues to work for over 24 hours. Micro-Tek® Spray promotes a healthy skin and coat.

- Stops biting, licking and scratching
- Reduces skin redness caused by irritation
- Controls pet odor
- Non-toxic
- Will not burn or hurt open wounds
- Non-steroidal
- Alcohol free
- Safe for puppies and kittens

Directions: After bathing with Micro-Tek Shampoo, push coat away from affected areas, and spray Micro-Tek Spray directly onto the skin where your pet is biting, itching, licking or scratching. Then mist entire coat with a light spray. Do not rinse off. Continue to spray affected areas 2-3 times per day or as often as needed. For added benefits use Micro-Tek Gel prior to Micro-Tek Spray.

Caution: Do not use this spray with any other medicated products containing IODINE or BETADINE. Swelling may occur.

Active Ingredient: Triclocarban (.026%).

Inactive Ingredients: Deionized Water, Sodium PCA, Cetrimonium Chloride, Glycosaminoglycans, Allantoin, Aloe Vera Barbadensis, Clove Extract, Lavender Extract, Thyme Extract, Citric Acid, Polysorbate 20, Polysorbate 80, Tetrasodium EDTA, DMDM Hydantoin, Methylparaben, Defoamer, Fragrance.
