

Leather Therapy® Restorer & Conditioner

Absorbine

Softens and Maintains Old and New Leather

Cleans Mold & Mildew Stains

- Extends the Life of Leather
- Gentle & Residue-Free
- Revives Dry or Old Leather
- For Equestrian Tack, Boots & Shoes, Auto Interiors & More

Ideal for deep conditioning and maintenance of new leather, also revives the color and soft feel in old or dry leather. Regular use protects against mold and mildew stains. Residue-free formula.

Clean dirty leather with Leather Therapy® Wash before application.

Directions For Use: Shake well before using. Apply light layers with sponge; allow layers to dry thoroughly between applications repeat as needed. Use sparingly for best results. Drying time and number of applications will vary depending on thickness and dryness of leather. Restorer & Conditioner may bring old, embedded oils and soaps to the surface as it dries—simply wipe down with a damp sponge.

Test in a hidden area first. Will not stain clothing.

Important: Treat new leather gently. Delicate leather dyes take time to set. To minimize dye loss while cleaning new leather, do not rub hard or use an abrasive cloth. DO NOT USE ON SUEDE.

Caution: KEEP OUT OF REACH OF CHILDREN. Keep away from food, drink and animal feeding stuffs. Wash hands after use. Avoid contact with eyes. In case of contact, rinse immediately with plenty of water. Seek medical attention if irritation persists.

Storage & Disposal: Store with lid tightly closed. Do not reuse empty container. Discard empty container in trash.

Warning: This product can expose you to o-Phenylphenol, which is known to the State of California to cause cancer. For more information go to
