It's time he took you for a walk again

It's natural for a little wear and tear to affect dogs as they age. It may not be something you see right away, but when it starts to affect your pet's quality of life, speak with your veterinarian about how best to help.

Helping your pet maintain a healthy lifestyle is now easier with Synovi $G4^{TM}$, the next generation in joint health care for dogs. Synovi $G4^{TM}$ features our established support matrix of joint health agents along with a unique blend of antioxidants, including Boswellia, Turmeric and vitamins to support overall joint health.

Along with your love and your veterinarians' care, Synovi $G4^{TM}$ can help your dog maintain a healthy level of youthful mobility.

Synovi G4[™] provides the support your dog needs to stay in touch with his inner puppy!

Speak with your veterinarian today to find out if Synovi G4[™] soft chews are right for your pet.

Maintenance Recommendation* for Synovi G4™ soft chews

Dog Weight	Number of Soft Chews
5 to 15 lb	½ chew every other day
16 to 30 lb	½ chew daily

Hide Your Shoes...

Because the latest in joint health support will bring back his "inner puppy"

Give your dog a new leash on life

Synovij4

Synovi G4[™] combines *Boswellia serrata* and Turmeric in a joint health support matrix, to help your dog stay healthy and vital, formulated in a tasty soft chew he will love.

The Synovi™ matrix, now with Turmeric & Boswellia

Recognized Benefits of Turmeric

- A member of the ginger family, Turmeric (*Curcuma longa*), is a naturally-occurring antioxidant that has shown important health benefits
- Turmeric supports the synthesis of the important antioxidant glutathione, necessary for normal cell function within the body^{1,2}

Added Benefits of Boswellia serrata

- Also known as Indian frankincense, Boswellia serrata is a renewable resource derived from a natural botanical tree resin extract
- Boswellia serrata significantly reduces the breakdown of glycosaminoglycans such as chondroitin found in connective tissues, cartilage and tendons³

The joint support matrix found in Synovi G4™ will help put the spring back in his step
