

RESCUE™

COLOSTRUM REPLACER

HIGH-LEVEL

NUTRITIONALLY EQUIVALENT

Equal to the Nutrients of Maternal Colostrum

150 g GLOBULIN PROTEIN

150 g Globulin Protein for Superior Immunity

SERUM BASED FORMULA

Proven Formulation for Better Absorption

LIFELINE Rescue High-Level Colostrum Replacer

Complete, high-level colostrum replacement delivering 150 grams of globulin protein in every feeding.

LIFELINE Rescue is the premium choice for high-value calves, offering a comprehensive colostrum replacement in a single, easy-to-use feeding. With **150 grams of globulin protein** and a potent blend of essential **vitamins, minerals, fats, & carbohydrates**, Rescue ensures your calves receive critical nutrients right at birth. Calf raisers choose Rescue for its reliable, quick-acting results, ensuring newborns are nourished and strong from the start.

Key Features:

- **Concentrated Globulin Protein** – 150 grams of globulin protein per feeding, nutritionally equivalent to maternal colostrum, to support immunity and vitality.
- **Energy-Rich Formula** – Includes essential fats and carbohydrates to fuel growth and development in newborn calves.
- **Fast Mixing** – Serum-based formula blends smoothly in under a minute for hassle-free preparation, ensuring a consistent experience every time.

Why Choose Rescue?

- **Proven Performance** – Specifically designed to fully replace maternal colostrum, delivering complete nutrition in one easy-to-administer feeding.
- **Trusted Results** – Calf raisers across the country rely on Rescue for its consistent, measurable performance and immediate impact on calf vitality.

Measurable Value

Every calf represents a valuable investment in your operation's future. With LIFELINE Rescue, you provide crucial, early-stage nutrition for vibrant, thriving calves, allowing you to see the return on your investment from the first feeding.

Choose LIFELINE Rescue—the high-level colostrum replacer trusted by calf raisers for proven performance and fast results.

RESCUE™

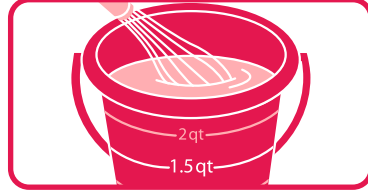

COLOSTRUM REPLACER

HIGH-LEVEL

FEEDING DIRECTIONS

Add 1 Pouch of Rescue (1.1 lb) to 1.5 Quarts of Warm Water (105°F)

Using a Whisk, Mix Thoroughly Until Smooth (1 Minute)

Pour Mixed Solution into Bottle, Feed & Rescue Your Calves

FEEDING GUIDELINES

Rescue is the first feeding and has its greatest impact when fed within 4 hours of birth. Mix 1 package with 1.5 quarts of warm (105°F/40°C) water. Stir until completely dissolved. Feed to the calf in one feeding via nipple feeder or esophageal feeder as soon as possible following birth.

AFTER DAY ONE - ADVANCED BENEFITS OF COLOSTRUM

- Continue feeding Rescue after the first day to ensure continued protection and optimal nutritional benefits.
