

NOURISH™

COLOSTRUM REPLACER

25 % ADDED FAT FOR ENERGY

High-Level Energy Calves Need to Thrive

100 g GLOBULIN PROTEIN

Building & Supporting the Immune System

SERUM BASED FORMULA

Proven Formulation for Better Absorption

LIFELINE Nourish Colostrum Replacer

Complete colostrum replacement with added fat, carbohydrates, vitamins, and minerals.

LIFELINE Nourish is designed for newborn calves when maternal colostrum is unavailable, such as in cases of orphaning, twin births, or harsh conditions. With **25% added fat**, essential carbohydrates, and **100 grams of globulin protein** per feeding, Nourish supplies vital nutrients to support early **immunity and energy**. This fast, easy-mixing, **serum-based** replacer helps calves thrive from day one with nutrition equivalent to maternal colostrum.

Key Features:

- **Energy-Enhanced** – 25% added fat and carbohydrates deliver energy for a strong, healthy start.
- **Globulin Protein** – Provides 100 grams of globulin protein in each feeding, meeting calves' immunity needs at birth.
- **Quick Mixing** – Smooth and easy to mix with warm water, making it simple to use for any team member.

Why Choose Nourish?

- **Immediate Impact** – Designed to fully replace colostrum, delivering balanced nutrition in a single feeding.
- **Dependable Nutrition** – Contains a complete blend of fats, carbohydrates, vitamins, and minerals to support newborn health and growth.

Measurable Value

Every newborn is a valuable investment. By providing immediate, balanced nutrition, Nourish promotes calf vitality and sets the foundation for long-term productivity and growth.

Choose LIFELINE Nourish—the reliable colostrum replacer that fully meets the nutritional demands of your newborn calves.

NOURISH™

COLOSTRUM REPLACER

FEEDING DIRECTIONS

**Add 1 Pouch of Nourish (1 lb)
to 1.5 Quarts of Warm Water
(105°F)**

**Using a Whisk, Mix
Thoroughly Until Smooth
(1 Minute)**

**Pour Mixed Solution into
Bottle, Feed & Nourish Your
Calves**

FEEDING GUIDELINES

Nourish is the first feeding and has its greatest impact when fed within 4 hours of birth. Mix 1 package with 1.5 quarts of warm (105°F/40°C) water. Stir until completely dissolved. Feed to the calf in one feeding via nipple feeder or esophageal feeder as soon as possible following birth.

AFTER DAY ONE - ADVANCED BENEFITS OF COLOSTRUM

- Continue feeding Nourish after the first day to ensure continued protection and optimal nutritional benefits.
