

Lexol® Leather Tack Cleaner

Lexol®

Step 1

pH Balanced for Safe Cleaning

25 Pre-Moistened Towels
7" x 9" (17.75cm x 22.86cm)

Our formula matches the pH of leather to safely clean without causing harm or deterioration, making it ideal for smooth leather tack. High foaming action lifts dirt and oils, allowing for an effortless wipe-away clean while leaving no residue.

Use Our Convenient Leather Wipes to Deep Clean All Your Leather Investments:

• Saddles • Bridles • Harnesses • Riding Boots • Reins

To Open Package:

1. Open top of cap and peel off protective seal.
2. Pull out the first wipe from center of roll & thread through the trap.
3. Carefully pull wipe at an angle through the trap. Do not push finger through trap. The next sheet pops up automatically.
4. When finished, close lid to retain moisture.

Directions:

Step 1: Massage wipe into your leather until formula is evenly dispersed.

Step 2: Wipe away foam and dirt using a damp cloth. Towel dry.

Step 3: To complete leather treatment, follow with Lexol® Leather Tack Conditioner.

Lexol® Tip: To keep your leather tack in its prime, use **Lexol® Leather Tack Cleaner & Lexol® Leather Tack Conditioner** or **Neatsfoot** every 6 months, and **Lexol® Leather Tack 3-in-1 Quick Care** for touch-ups every 2 months. REMEMBER TO TEST PRODUCT IN A SMALL, INCONSPICUOUS AREA BEFORE EACH USE.

NOTE: NOT RECOMMENDED FOR USE ON SUEDE OR EXTREMELY SOFT LEATHER.

Contains: Anionic and/or nonionic surfactants.

WARNING: KEEP OUT OF REACH OF CHILDREN AND PETS. Avoid contact with eyes.

FIRST AID: IN CASE OF EXPOSURE, FLUSH EYES WITH WATER. GET MEDICAL ATTENTION IMMEDIATELY.
