

# Mane 'n Tail® Pro-Tect® Straight Arrow®

**Veterinary Strength  
Antimicrobial Medicated Shampoo**

**Rain Rot    Girth Itch    Ringworm    Fungus & Bacteria**

**The Original Mane 'n Tail® Pro-Tect® Antimicrobial Medicated Shampoo** is a gentle cleansing therapeutic formula that goes beyond other simple antifungal or ordinary antibacterial products. **Pro-Tect®** provides complete protection and treatment of topical skin problems. **Pro-Tect®** with skin conditioning emollients does not irritate or stain and has a pleasant fragrance. Compare this advanced formula to any on the market today, the results will speak for themselves.

## **Unsurpassed Effectiveness On Organisms Associated With:**

- Fungal and Bacterial Problems
- Rain Rot, Scurf, Ringworm
- Hot Spots, Skin Rashes and Dry Patches
- Girth Itch
- Other Opportunistic Infections (Virus, Yeast, Mold, Etc.).

## **Why antimicrobial treatment?**

No matter which organism (fungus, bacteria, etc.) initially creates a skin problem, there are numerous opportunistic organisms that can additionally invade the vulnerable site preventing skin healing.

**Mane 'n Tail® Pro-Tect® Antimicrobial Medicated Shampoo** provides complete broad-spectrum effectiveness that eliminates all of these organisms with proven results for faster healing.

**Suggested Use:** For horses and other animals. **Not for use on cats or puppies.** Use daily to clear up initial problems. For preventative treatment use weekly or more often as needed.

**Directions:** Pre-wet the coat with clear water. Add **Mane 'n Tail® Pro-Tect® Antimicrobial Medicated Shampoo** into a bucket of water (2 to 4 ounces per gallon of water). Apply shampoo solution with a sponge or soft brush and massage until lather appears. Allow lather to remain for 10 minutes. Rinse thoroughly. For more severe problems, follow up with deep penetrating **Pro-Tect® Antimicrobial Topical Skin & Wound Treatment.**

**General Precautions:** For external veterinary use only. **Pro-Tect®** effectiveness may be reduced if used in conjunction with other shampoo and treatment products. Consult a veterinarian if any problems persist or are of concern. Keep out of reach of children. Keep product from freezing.

**Active Ingredient:** Benzalkonium Chloride 1.5%, In an exclusive Quatracin® conditioning base.

Made in the U.S.A.
