

Black-As-Knight

Cheval International

Designer Coat Enhancer For Black And Bay Horses!

Black-As-Knight is the only original equine coat enhancer developed exclusively by Cheval to darken and enrich the coats of blacks, bays, and other dark horses.

Keep all dark equine coats rich, shining, and gleaming all year round. **Black-As-Knight** is the most effective coat darkening formula and is GMO FREE with organically grown ingredients. It contains the perfect balance of seaweeds, spices, and hay specifically grown in South Dakota's nutrient rich soils, making it perfect, safe, and healthy for a horse's digestive system.

For horses actively competing, try our paprika-free Show Formula.

Directions For Use: Feed 1-2 scoops once daily with horse's grain. For larger horses, or during heat of summer, you may want to double the dose.

For minis & ponies, feed 1 scoop daily.

Ingredients: Ground extruded whole soybeans (GMO FREE), Western South Dakota chopped wheat hay, cane molasses, salt, paprika, multiple seaweeds, annatto, zinc sulfate, L-lysine, riboflavin, biotin, and folic acid.

Guaranteed Analysis: Crude Protein 20% min; Crude Fat 7% min; Crude Fiber 18% max; Calcium 0.23% min; Phosphorus 0.1% min.
