

Hoof Wash

Keratex Equine Hoofcare

A powerful disinfectant cleansing wash for the complete hoof.

Active against a wide spectrum of bacterial and fungal organisms.

Formulated specifically for hooves, skin and hair - contains no oxidizing agents, so is entirely safe for use on equine skin and hooves.

Finished product makes 4226.75 fl oz (125 Litres)

Instructions for use

Use only in diluted form - For equine use only.

Add two capfuls of Keratex Hoof Wash to 169 fl oz (5 litres) of clean water and stir well. Brush the diluted solution onto the fetlock hair and skin, coronary band, heels, hoof wall, frog & sole so everything is well wetted. Leave to dry: do not wash off, or use in conjunction with soap or other cleansing agents or disinfectants. Use as required. This product can also be used as a disinfecting leg/hoof soak in proprietary soaking boots: soak legs and hooves for 5-10 minutes and leave to dry as above.

Net Contents

At a dilution of 1.35 fl oz (40ml):

169 fl oz (5 liters) of water, 33.81 fl oz (1 litre) will make 4226.75 fl oz (125 litres) or 25 amounts of 169 fl oz (5 litres).
