### Feeding Directions

Feed to Beef show cattle at the rate of 1 lb. per head, per day top-dressed over the ration or mixed in the complete ration. Free-choice salt should be provided. Included scoop holds 8 oz.

### Caution

CAUTION: Due to the copper level, do not feed to sheep. Follow label directions. The feeding of supplemental selenium should not exceed 0.3 ppm of total diet. The addition to feed of higher levels of this premix containing selenium is not permitted.

Net Weight 50 lb. (22.7 kg)

This product was made in a feed manufacturing facility that does not handle or store products containing animal proteins prohibited in ruminant feed. Safety Data Sheet available upon request.
