

FlexHA Wafers

Majesty's Animal Nutrition, Inc.

Easy-To-Use Equine Joint Supplement Wafers

Joint Support for Performance Horses

Five support supplements plus 150 mg of HA per easy-to-use wafer

The Superior Joint and Bone Supplement for Your Performance Horse.

Veterinarian Recommended

Made in Central Oregon

Nestled east of Cascade Mountains, beautiful Central Oregon is home to a large population of horses. Pastured for six or seven months of the year supplementing your horse can be a difficult and inefficient chore. The same applies other times of the year when you have multiple horses and feed them together but only want to supplement one or two of them.

Family Owned Majesty's Animal Nutrition has developed a superior way to efficiently supplement your horse year round. You now have no need to separate and stall horses, mix feed with supplement and make sure it is consumed. With Majesty's, you only need to use a tasty, no-bake wafer, saving you time and money! And because we actually manufacture the products, we are able to provide optimum control over quality, freshness and cost.

- Quality Ingredients Sourced Globally
- Support Healthy Joints & Occasional Discomfort
- 100% Satisfaction Guaranteed or Your Money Back

Developed for your performance horse, **Majesty's FlexHA Wafers** use the same amount of **Glucosamine, MSM, Chondroitin** as our Flex Wafer while adding **2x** the **Yucca** and **Ascorbic Acid**. Can't have **FlexHA** without **HA**. So we also added **150 mg of HA** – one of the highest amounts in the industry!

Cautions

If animal's condition worsens or does not improve, stop product administration and consult your veterinarian. Safe use in pregnant animals or animals intended

for breeding has not been proven. Administer during or after the animal has eaten to reduce incidence of gastrointestinal upset. An examination from a veterinarian is recommended prior to using this product.

For Use in Horses Only.

Recommended for support of bones, joints and cartilage. Know they are getting the right amount! These unique highly palatable wafers were developed by horse people for horse people who experience the difficulty and waste of supplementing with powders or liquids.

Directions for Use

Use one or two wafers daily or as recommended by your veterinarian. Store in a cool, dry place. Keep tightly sealed.

Warnings

Not for human consumption. Keep out of the reach of children and animals. In case of accidental overdose, contact a health professional immediately. This product should not be given to humans, intended for animal consumption.
