A gentle blend of ingredients, including botanical oils, to repel flies on horses. Aloe Herbal Horse Spray Fly Repellent Ready To Use contains coat conditioners and sunscreen which promote a healthy coat and provide protection from the sun.

Directions For Use:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

General: Apply in a covered area such as a barn or stall. For best results, apply to a clean horse. Prior to application, brush horse's coat to remove excess dirt and dust.

Dilution Directions: To be used in a clean spray container of your choice. Dilute with 5 parts water to 1 part horse spray. When pest activity is high, dilute 4 parts water to 1 part horse spray.

Application Instructions:

Shake container before each application. Hold spray container 10 to 12 inches from horse's coat for best application. Do not spray solution directly onto horse's facial area. Instead, spray solution onto clean cloth and use the cloth to apply Aloe Herbal Horse Spray Fly Repellent Concentrate to horse's facial area. Reapply every 3 hours or as needed.

CAUTION

Keep Out Of Reach Of Children

Precautionary Statements

Hazards To Humans And Domestic Animals

Caution: Causes moderate eye irritation. Prolonged or frequently repeated skin contact may cause allergic reaction in some individuals. Avoid contact with eyes,

skin or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco, or using the toilet.

Environmental Hazards

For terrestrial uses: Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment wash water or rinsate.

First Aid

If in eyes:

- Hold eye open and rinse slowly and gently with water for 15-20 minutes.
- Remove contact lenses, if present, after the first 5 minutes, then continue rinsing.
- Call a poison control center or doctor for further treatment advice.

If on skin or clothing:

- Take off contaminated clothing.
- Rinse skin immediately with plenty of water for 15-20 minutes.
- Call a poison control center or doctor for further treatment advice.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-800-328-1317 for additional information.

Storage And Disposal:

Do not contaminate water, food or feed by storage or disposal.

Pesticide Storage: Store only in a cool, dry area inaccessible to children and pets. Keep container tightly closed when not in use.

Pesticide Disposal: Wastes resulting from use of this product must be disposed of on site or at an approved waste disposal facility.

Container Handling: Container Handling: Non-refillable container. Do not reuse or refill this container. Clean container promptly after emptying. Triple rinse as follows: Empty the remaining contents into application equipment or a mix tank and drain for 10 seconds after the flow begins to drip. Fill the container 1/4 full with water and recap. Shake for 10 seconds. Pour rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Repeat this procedure two more times. Then offer for recycling if available or place in trash or in a sanitary landfill.
